PREFACE

The Statistical Supplement is the follow up to the Economic Survey released every year prior to the presentation of the Federal Budget. The Statistical Supplement updates data for the entire fiscal year. We have made concerted efforts to present accurate and concise time series data on financial, economic and social sectors both at the aggregate level and sector-wise for the convenience of policy makers, researchers, academicians and other users. This Supplement will provide a comprehensive review on economic trends over the years.

2. The current issue of Statistical Supplement provides time series data on almost every aspect of the economy. We would, as always, welcome comments and suggestions for improving this document. A document like this cannot be completed in time without the cooperation of various organizations. I would like to take this opportunity to thank various Ministries/Divisions/Agencies and Departments for efficiently supplying the required data to the Economic Adviser's Wing. I would also like to thank the staff of the Economic Adviser's Wing for their hard work in producing this document.

3. Suggestions for improvement of the Statistical Supplements are welcome.

SAKIB SHERANI
Principal Economic Adviser

Islamabad, December 15, 2010
