

PREFACE

The Statistical Supplement is brought out annually to complement the data of Pakistan Economic Survey which is released prior to the presentation of the Federal Budget. The Statistical Supplement provides time series data on all aspects of the economy and consists upon the updated data for the complete fiscal year.

Economic Adviser's Wing has made concerted efforts to present time series data on financial, economic and social sectors in great detail on aggregate as well as sector-wise for the convenience of researchers, academia and other users.

I would like to thank all the Ministries/Divisions/Organizations and Departments for providing the required data to the Economic Adviser's Wing so as to publish Statistical Supplement in time. I would also like to appreciate and acknowledge the efforts of the research team for their hard work in compilation of this document.

The suggestions for improvement in the Statistical Supplement would be highly appreciated.

(S. EJAZ WASTI)
Economic Adviser
