

PREFACE

The Statistical Supplement is a follow up document of Pakistan Economic Survey which provides data for the entire fiscal year. The Statistical Supplement provides a comprehensive review on the economic trend over the year.

Economic Adviser's Wing has made concerted efforts to present time series data on financial, economic and social sectors in great detail on aggregate as well as sector-wise for the convenience of researchers, academia and other users.

I am grateful to all the Ministries/Divisions/Departments/Organizations for efficiently and timely providing the required data to Economic Adviser's Wing. I also appreciate the hard work done by the officers and the staff of the Economic Adviser's Wing in providing this document well in time.

Any suggestions for improvement in the Statistical Supplement would be highly appreciated.

(S. EJAZ WASTI)
Economic Adviser
