## **Part-II**

### **Performance Based Budgeting (FY2024-25 to FY2026-2027)**

*(Under Sections 9, 34 and 35 of Public Finance Management (PFM) Act, 2019)*

## Instructions

1. 'Performance-based budget', as required under Section 9 of PFM Act, 2019, is also known as 'MTBF (Medium-term Budgetary Framework) Green Book'. The book is presented before the Parliament each year as part of the annual budget
2. The next preparation cycle relates to medium-term fiscal years 2024-25 (which will be the same as the annual budget), and two forward years (2025-26 and 2026-27)
3. Performance-based budgets shall be prepared within the medium-term IBCs to be issued by Finance Division. The process of issuance of IBCs is defined under Section 3 of the PFM Act, 2019
4. Performance-based budgets shall be prepared by PAOs
5. Preparation of 'performance-based budgets' shall be based on the following process:

### Step 1: Preparation of Strategic Plan:

- a. As required under Section 5 of PFM Act, 2019 which states that 'all government expenditures, whether from a recurrent or development demand for grant, shall be based on well-defined plans', each PAO shall prepare a medium-term strategic plan
- b. The medium-term strategic plan shall be developed by 'MTBF Core-Team'.
- c. The strategic plan shall contain:
  - i. **Goals** to be achieved e.g. % out of school children to be provided schooling by --
  - ii. **Outcomes** (planned effects of services on target population) e.g. improved literacy rate
- d. **Outputs** (services) to be delivered to achieve the goal. Outputs shall be mapped with relevant spending units and projects e.g. primary and secondary education services
  - i. **Responsible Organization** that will achieve required outputs. e.g. (Federal Directorate of Education)
  - ii. **Key Performance Indicators** and targets for each output. e.g. number of students enrolled
- e. The strategic plan shall be approved by relevant PAO

### Step 2: Allocation of IBCs to outputs

Once IBCs are received, PAOs shall make allocations to outputs (as defined in the strategic plan) as per policy priorities. Mapping (output to spending units and projects) can be used to distribute these ceilings

### Step 3: Communication of IBCs to spending units and projects

After completion of step 2, PAOs shall forward IBCs to spending units (DDOs) and projects. Spending units and projects shall prepare their detailed budgets (BO/NIS) within these ceilings.

In addition to IBCs, organizations responsible for KPIs (as defined in the strategic plan) shall be requested to provide targets

#### **Step 4: Compilation of budgets by outputs**

Once detailed budgets are prepared by spending units and projects, the MTBF core-team shall consolidate the information and fill in relevant forms.

#### **Step 5: Approval by PAOs**

Filled form shall be signed by respective PAOs and communicated to Budget Wing, Finance Division

#### **Step 6: Discussion of Performance Based Budgets in ‘Demand Review/Priorities Committee’ meetings**

Performance Based Budget prepared by PAOs shall be discussed during ‘Demand Review/Priorities Committee’ meetings

6. Please note:

- a. Performance based budget for FY2023-24 for PAOs is available on: [https://www.finance.gov.pk/budget/Budget\\_2023\\_24/Medium\\_Term\\_Performance\\_Based\\_Budget.pdf](https://www.finance.gov.pk/budget/Budget_2023_24/Medium_Term_Performance_Based_Budget.pdf). All necessary steps may be taken to review and update 1) goals 2) outcomes and outputs, and 3) KPIs.
- b. Where possible, the targets should reflect *gender*. This can be done in two ways. Firstly, indicators relating to individuals can be disaggregated into male and female. For example, primary education being an output (service) can have two indicators/measures namely, number of male students enrolled, and number of female students enrolled. These two can be assigned different targets. Secondly, indicators relating to gender-relevant issues can be included, such as number of trainings attended
