## **The Budget Preparation Process for the Federal Ministries / Divisions**

This section sets out the process for the preparation of the Medium Term Budget for 2019-20 to 2021-22. All Federal Ministries / Divisions will prepare their budget on Output Based Budgeting System also known as MTBF. The following are details of steps involved in the Medium Term budget preparation process as mentioned in the 'Budget Calendar' at (Appendix B).

The overall process in Federal Ministries will be supported by the Finance Division / MTBF team.

### **1. Issuance of 'Budget Call Circular 2019-20' to the Principal Accounting Officers (PAOs)**

As a first step the Finance Division will issue "Budget Call Circular" to the PAOs of all the Ministries / Divisions. This is the budget call circular that contains the instructions and forms required to be completed under the leadership of the PAO.

### **2. Preparation of Budget Strategy Paper and its presentation in the Cabinet**

In next step, the Finance Division will prepare medium-term (3-years) Budget Strategy Paper. The Budget Strategy Paper will contain Medium-Term Macroeconomic and Medium-Term Fiscal Frameworks. In order to develop the Macro-Fiscal projections, the Finance Division interacts with various stakeholders (including Federal Board of Revenue, Planning Commission, Economic Affairs Division, Pakistan Bureau of Statistics, and State Bank of Pakistan). Based on these projections, indicative budget ceilings are formulated. The Budget Strategy Paper is approved by the Cabinet before ceilings are forwarded to the PAOs.

### **3. Issuance of Indicative Budget Ceilings for current and development budget to all PAO's**

Federal ministries will receive indicative budget ceilings for three years. The ceilings for current budget are prepared by Finance Division. The ceilings for development budget are prepared by the Planning Commission and issued by the Finance Division. Copy of indicative budget ceiling letter is being sent to the concerned FAs / DFAs. Copy of development budget indicative budget ceiling letter is being sent to the concerned FAs / DFAs and Sector Chiefs in the Planning Commission.

### **4. Preparation of medium term Strategic Plan**

After receiving ceilings for current & development expenditure, office of the Principal Accounting Officer (PAO) will conduct in-house meeting to develop a Strategic Plan for the upcoming three years. Offices of the PAOs have established 'Core Teams' for this purpose. The Terms of Reference of the 'Core Teams' have already been forwarded to all PAOs. Broadly, the 'Core Teams' are responsible for planning, budgeting, and monitoring processes.

### **5. Filling of the Budget Forms**

The ministries / divisions will go through the Budget Preparation Forms. Instructions and Procedures to fill in the Budget Forms of Section I and Section II are part of the relevant sections.

### **6. Submission of Section I and Section II forms by Ministries / Divisions for current budget to FAs / DFAs for Quality Assurance**

In the presence of ceilings, the Financial Advisers will *quality assure* the Fund Centre forms (BO / NIS) and give their recommendations (if so) to the concerned Principal Accounting Officer.

- 7. Submission of Section I and Section II forms by Ministries / Divisions for development budget to Sector Chiefs in Planning Commission and copy to FAs/DFAs**
- 8. Submission of Section I Forms (BO / NIS) for recurrent and development expenditure budget to Budget Computerization (Budget Wing – Finance Division)**

Section I Forms (BO / NIS, “Posts Proforma” and “Spending DDOs Budget Estimates”) will be forwarded to the Budget Computerization of Budget Wing – Finance Division by the date mentioned in the Budget Calendar Appendix B of this BCC.

- 9. Review and approval of budget estimates and additional demands (current + development) by the Priorities Committee**

Each Principal Accounting Officer (PAO) will be invited to make presentations on their budget proposals to the Priorities Committee (comprising Finance Division, Planning, Development and Reform Division, and Economic Affairs Division). *It is important to note that these presentations will deal with both the current and development sides of the budget proposals.* Priorities Committee would also consider and approve additional resource bids by the Ministry. Before consideration of additional bids in the Priorities Committee, these bids would first be reviewed by the FAs / DFAs in case of current budget, and by Sector Chiefs in the Planning, Development and Reform Division & FAs / DFAs in case of Development Budget.

The Priorities Committee will discuss past performance, current year’s budgetary allocations, and ceilings for the budget year and forecast years. In addition, discussions will focus on ‘outputs’ (services) to be delivered and policy priorities.

Information such as LM Form 1, and LM 2 alongside other relevant information will be discussed in the Priorities Committee meeting.

Self-explanatory.

- 12. Finalisation and Submission of Final ‘Medium Term Budget Estimates for Service Delivery’ (Green Book) report (as per format given in Section II) by the Ministries/Division to Finance Division.**

## **Budget Preparation Forms and Instructions for Preparing Medium-Term Budget (2019-22)**

**THIS PAGE IS LEFT BLANK**

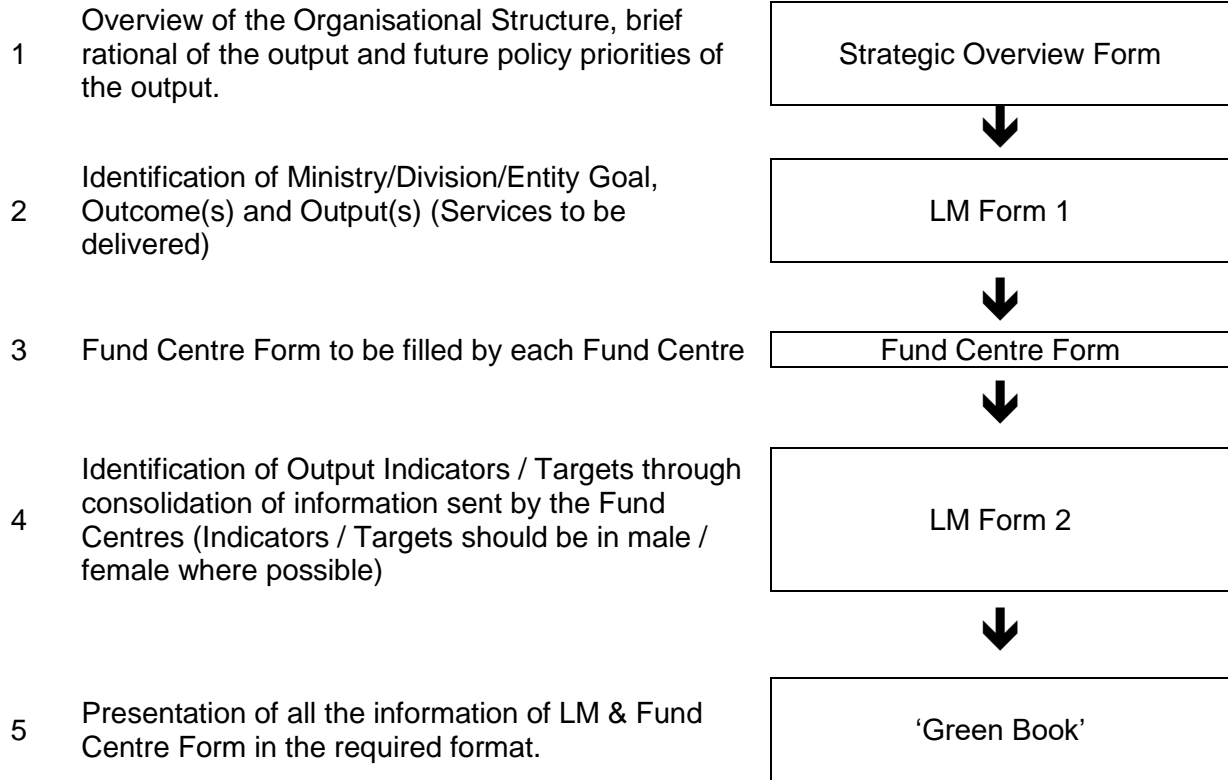

## General Guidelines

1. This section contains forms that are designed to prepare Medium-Term Output Based Budget (2019-22). The 'Output Based Budget' follows the 'Logic of Intervention' (Ref: page 22) method.
2. This section encloses Strategic Overview Form, and 'LM Forms', which are to be completed by the office of the Principal Accounting Officer (PAO) before the 'Fund Centre Form' is dispatched to and completed by the Fund Centres.
3. The Ministry Strategic Review Form and 'LM Forms' should be prepared in collaboration with the strategic management of the Ministry/Division. The strategic management includes Secretary, senior officials (from technical, operational, administrative and planning sections/wings etc.) and the heads of Attached Departments. The 'Core Teams' established in the offices of PAOs will be primarily responsible for filling 'LM Forms'.
4. 'Medium Term Budget Estimates for Service Delivery' (Green Book) should be completed after Strategic Overview Form, 'LM Forms and 'Fund Centre Form' are completed. *The 'Green Book' should be approved by the concerned Principal Accounting Officer before it is forwarded to the Finance Division for compilation.*
5. Budget will be prepared by Principal Accounting Officers – this means that all the budgetary amounts for which a PAO is responsible will show in a single Green Book. Since the budget is presented by 'Demands for Grants' in the Parliament, the budget for PAOs may be shown in demands falling under a different Ministry / Division. The Green Book aims to consolidate all the budgets related to a PAO together with reconciliation with 'Demands for Grants'.
6. For each of the output, there is a new requirement to present 'key projects' and their details. Key projects should be of strategic nature, and can be linked to specific outputs.
7. A personnel plan is being introduced. In this plan, the 'Core Teams' will provide details of the estimate number of posts to be filled over the medium-term. This will help the office of the PAOs to forecast employee recruitment / retirement in addition to funding requirements. This information will be presented on different levels of cadres. Additionally, number of female employees will be presented to cater for requirements of gender based budgeting initiative.
8. Actual expenditure and actual performance achieved will be provided for two previous years.
9. For each of the output, the respective 'office responsible' will be mentioned.
10. Amounts should be rounded off to the nearest thousand. For this purpose, provision of up to Rs.499 should be taken as zero and provision of Rs.500 and above as Rs.1,000.

**Sequence of Filling Line Ministry Forms ‘LM Forms’:**

Upon receipt of ‘LM Forms’ and the Ministerial Ceilings the Ministries/Divisions are expected to go through the following step by step process:

## Logic of Intervention

The Logic of Intervention is a management tool used to improve the design of a ministry or division's work plan. Preparing the logical framework involves identifying strategic elements (inputs, outputs, outcomes, goals) and their linkage to each other. The logical framework also involves defining indicators (for measuring progress), and the assumptions or risks that may influence success and failure in achieving the goals of the ministry.

The basic idea of the log of intervention is the way high level objectives or GOALS are to be achieved through the use of resources (INPUTS) to produce OUTPUTS, which contribute to OUTCOMES and eventually to high-level GOALS:

The definitions of the principal elements in the Logic of Intervention are as follows

<b>Inputs</b>	The financial, human, and material resources required to undertake activities that contribute to the service delivery (Output).
<b>Outputs</b>	The products or services delivered to general public or to other Ministry/Department etc. for example one of the services (output) of Ministry of Water and Power is "Enhancement of electricity generation, transmission and distribution services"
<b>Outcome</b>	The short-term and medium-term impact on the target population of a particular service (output) being delivered. For example the outcome of the service (output) provided by the Ministry of Water and Power "Reduction in load shedding by 2020 and gradual reduction in electricity prices"
<b>Goal</b>	The high-level objective to which the office of the Principal Accounting Officer is aspiring to embrace. Where relevant, organisational goal should be linked with one or more goals defined in the 'Vision 2025' document. For example goal for Water and Power Division will be "Double power generation by 2025 in order to provide uninterrupted and affordable electricity"
<b>KPI</b>	<p>A Key Performance Indicator (KPI) is a tool or variable used to measure service delivery. Targets are set for the medium term for each KPI against each output (Service), and outcome. For example the KPI for the output "Enhancement of electricity generation, transmission and distribution services" could be "Reduction in load shedding by 20% in the year 2019-20 (%age reduction of gap between power demand and power supply".</p>

## Instructions for Filling Form LM-1

### Purpose of the Form:

This form is designed to help Line Ministries in linking outcomes to outputs, outputs to Fund Centres and allocating 'Medium Term Budget Ceiling' to its strategic priorities. This form can help identify new outputs to be introduced by Fund Centres during a particular year, or contribution pattern by a Fund Centre (e.g. a Fund Centre may contribute to an output for two years only).

Senior Management team (including attached Departments) of the ministry should review the LM form - 1 for 2019-22 together with the 'Strategic Overview Form' mentioned earlier. The ministry/division should amend and update LM Form-1 if needed.

The structure of goal, outputs and outcomes is as per the 'Logic of Intervention' methodology described earlier in this Section.

### Specific Instructions:

- Serial Number 1. Self Explanatory.
- Serial Number 2. Self Explanatory.
- Serial Number 3. Serial Numbers provide a basis for referencing. These should carefully be numbered e.g. Output A can be assigned Serial Number 1.
- Serial Number 4. Write the name of Output(s). Each output / service should clearly defined that can be linked to Fund Centres. Ideally, one Fund Centre should only contribute to one output.
- Serial Number 5. Mention the name of Office Responsible for this output.  
  
Office responsible (organizational unit) can either be an 'Attached Department', or a Wing or a Section within the organization.  
  
In some cases outputs defined in the Green Book cut across different offices. In such cases, it is important to redefine them. Linkage of outputs with organizational units / offices is important for establishing clarity of responsibility.
- Serial Number 6. Write the Fund Centre code (AGPR assigned code) of the Fund Centre that contributes to the output defined in Serial Number 4. E.g. Output A can be contributed by two Fund Centres. The Fund Centre codes are the same as defined in the Pink Book.
- Serial Number 7. Write the name of the Fund Centre(s) that contribute to the output defined in Serial Number 6.

- Serial Number 8. Write whether the Fund Centre is a Current or Development Budget consuming entity. Use the letter 'R' for 'Current' and letter 'D' for 'Development' budget consuming entity.
- Serial Number 9. Write the percentage contribution of the Fund Centre to a particular output. For example, if a Fund Centre is contributing 40% to Output A and 60% to Output B, then under Output A write the percentage contribution '40%'.
- Serial Number 10. Write actual expenditure against each Fund Centre for the year 2016-17 & 2017-18. If a Fund Centre is contributing to more than one Output then write only the proportionate amount. For example, if the total expenditure of a Fund Centre is Rs. 100,000 and it is contributing 40% to Output A and 60% to Output B, amounts which would be written under each Output would be Rs. 40,000 and Rs. 60,000 respectively. Total expenditure of all the Fund Centres under a particular Output would be written against the Output in bold.
- Serial Number 11. Write Original Budget for 2018-19 and 2019-20. Like 'Serial Number 12' write only the proportionate amount in case of multi contributing Fund Centre.
- Serial Number 12. Write the Budget Forecast for the year 2020-21 and 2021-22 as allocated to the different Fund Centres.
