

PREFACE

The Statistical Supplement is the follow up publication of the Pakistan Economic Survey which provides the data for the entire fiscal year. This Supplement will provide a comprehensive review on the economic trend over the year. Economic Adviser's Wing has made concerted efforts to present accurate and concise time series data on financial, economic and social sectors both at the aggregate level and sector wise for the use of policy makers, researchers, academicians and other users.

I am grateful to all the Ministries/Departments/Organizations for efficiently supplying the required data to Economic Adviser's Wing. I also appreciate the hard work done by the Officers and staff of the Economic Adviser's Wing in providing this document. We would, as always welcome comments and suggestions for improving this document. Soft version of the Statistical Supplement is also available on Finance Division Website and on Compact Discs as well.

Readers are welcome to provide suggestions for improvement of the document.
